You travelled from Dublin, you said you'd change the world  
You sing like Sinatra, always  
You pulled them for miles now, like Garbo in Berlin  
You played them for zeros, just like always  
Tonight, some bitch is hasseling me  
And tonight, it feels so good feeling cheap  
I can only disappoint you 'cos I always let you down  
I can only disappoint you 'cos I always let you down  
You turned a man cuckoo, half animal half grace  
The chick was a teaser, always  
Tonight, their hips would swivel and turn  
So we drove, to the place where we first met  
I can only disappoint you 'cos I always let you down  
I can only disappoint you, always  
The queens they all loved you, the tall, the short, the fair  
The same as the psychos, always  
And here, a faltered gun in my hand  
And you, with piggies scrawled on your wall  
And tonight, her note said better off dead  
And the earth has never moved for me since  
I can only disappoint you 'cos I always let you down  
I can only disappoint you, always  
I can only disappoint you 'cos I always let you down  
I can only disappoint you 'cos I always let you down  
'Cos I always let you down  
'Cos I always let you down  
'Cos I always let you down  
'Cos I always let you down  
( 'Cos I always let you down ) 'Cos I always let you down  
'Cos I always let you down
