To be twisted, to be naked  
To be broken, to be free

Tell me stick or twist, tell me which will it be  
I tell you, stick or twist  
Tell me which do you see  
Oh, can't you see? Oh, oh, yeah

Where do we go, who do we trust, who do we see?  
Oh, who wants to know, who do we tell, what will we  
see?  
Oh, where do we go now?  
Yeah, who do we see? Yeah

It will sparkle, it is beauty  
It is broken, it is free

Tell me stick or twist  
Tell me which will it be  
And I tell you, stick or twist  
Tell me which do you see  
Oh, can't you see? Oh, oh, yeah

Where do we go, who do we trust, who do we see?  
Oh, who wants to know, who do we tell, what will we  
see?  
Oh, where do we go now?  
Yeah, who do we see? Yeah

Ah, ah, ah, ah, ah, ah  
Ah, ah, ah, ah, ah, ah  
Ahh

Oh, where do we go, who do we trust, who do we see?  
Oh, who wants to know, who do we tell, what will we  
see?  
Oh, where do we go now?  
Yeah, who do we see? Yeah
