And you see, I kind of shivered to conformity, did you see
The way I cowered to authority? You see
And my life, it's a series of compromises, anyway it's a shame
And I'm conditioned to accept it all, you see

Than I had before, than I've presently got
Than I'll ever use up, than I really need
Than I had before, than I've presently got
Than I'll ever use up, than I really need

Than I had before, than I could possibly spend
Than I'll ever use up, than I really need
Than I had before, than I could possibly spend
Than I'll ever use up, than I really need

It's more than I can spare
My religion is caged

Safe from progress, purgatory I know
How does this affect me? Emotionally affect me

Will they let me go?
Will they let me go?
Will they let me go?
Equilibrium imbalanced again

I feel no pain
I feel no
I feel no pain
Jabberwocky haunts me, in my memory it's caged

I feel no pain
I feel no
I feel no pain
Jabberwocky haunts me, in my memory it's caged

I feel no pain
I feel no pain
I feel no pain
But if you punched me in the stomach, then I'd feel it

again

Feel no pain

I feel no

I feel no pain

But if you punched me in the stomach, then I'd feel it
again

Life is a compromise anyway

Life is a compromise anyway

Life it's a compromise anyway

Life it's a compromise anyway

It's a sham and I'll accept it all

Life is a compromise anyway

Life is a compromise anyway

Life it's a compromise anyway

Life it's a compromise anyway

And it's a sham and I'll accept it all

And you see, I kind of shivered to conformity, did you
see

The way I cowered to authority? You see

And my life, it's a series of compromises anyway

It's a sham and I'm conditioned to accept it all, you see

Than I had before, than I've presently got

Than I'll ever use up, than I really need

Than I had before, than I've presently got

Than I'll ever use up, than I really need

Than I had before, than I've presently got

Than I'll ever use up, than I really need

Than I had before, I've presently got

Than I'll ever use up, than I really need

Than I had before, I could possibly spend

Than I'll ever use up, than I really need

Than I had before, I could possibly spend

Than I'll ever use up, than I really need

Than I'll ever use up, than I really need

Than I had before, than I've presently got

Than I'll ever use up, than I really need

It's more than I can spend

[Incomprehensible]
