Sniffle this, sniff of this, my skin up, pin up, oh yeah
Monday to Friday, nobody's seen ya, amphetamine

Oh, if I see you would you stop and say hello
Oh, if I kiss you would you run straight up my nose
Oh, Skeletina, say hello, yeah

We'll take you all on, again, we'll take you all on, again
We'll take you all on, again, we'll take you all on
My all consuming, self-inducing

Sniffle this, sniff of this, my skin up pin up, oh yeah
Pick up a lady, two more in waiting, stops me from
aching

Oh, if I see you would you stop and say hello
Oh, if I kiss you would you run straight up my nose
Oh, Skeletina, say hello, yeah

We'll take you all on, again, we'll take you all on, again
We'll take you all on, again, we'll take you all on
My all consuming, self-inducing

We'll take you all on, again, we'll take you all on, again
We'll take you all on, again, we'll take you all on, again
We'll take you all on, again, we'll take you all on, again
We'll take you all on, again, we'll take you all on, again
