["In the Blazing Sunlight , the priest unveiled his horrid tale..."]

I travelled on through the swamplands , sailed up the  
river damp  
To bring back the church from its state of oblivion  
A mission to the land of the long gone retired tribe  
The inbred people on the edge of the cleft  
I crossed the lightning horrors of the burning forest  
To face my unattainable holy task  
A Hell alive , Armageddon , a violent energetic eruption  
Of immense proportions

Domine Dirige Nos

Kept alive for eternity by this throbbing parasite  
Distorting , numbing , mind reducing - Eternal life  
through this horrid growth

"Saying mass in my life's work - the awe striking chapel  
- sweet communion , I'm at inner peace"  
... to drive out this parasite by self inflicted non-lethal  
pain...  
"I am eternal , immortal"  
...I'm swirling in a vortex of the deepest agony...  
...offered an eternity of mindless life...

I saw the wonder of a giant church carved into the  
mountainside  
A descending path into the mystery of the labyrinthine  
worlds  
Idolized and worshipped by the tribe of the short retard  
men  
... I began praying to my God again

We walked into the tunnel mouth, eroded by elements  
As darkness gave away to light brighter than thousand  
stars  
I was embraced by the legendary avatar , (the creature  
of death)  
In the illuminated glowing vaults

...I'll fight my immortality

Kept alive for eternity by this throbbing parasite  
Distorting , numbing , mind reducing - Eternal life  
through this horrid growth
