Between the coming dawning  
of this tragic night  
We are the all promising  
blood spreading knights  
But what if we arent?  
what if the life  
hasn't reach a high gradient?

well, im not arguing  
if it is worth the fight  
this business is still pending  
just dunno if its right  
But have i done the patent?  
is it me or you  
who is becoming dependent?

you are far  
will i see you again?  
i will shoot you a star  
i will pray for rain  
i hope all i do  
is not coming in vain

you are far  
my blood making a stain  
am i getting a scar?  
i am feeling the pain  
it is getting cold  
but it's always the same

As i'll be the king  
the greatest in height  
and nothing between  
my visions of life  
will you be my queen?  
or will you despise  
the place in the screen?

Return me the ring  
there is nothing to write  
but im not gonna sing  
what i thought was bright

im not going to scream  
or will you let me  
fall on the stream

you are far  
i'm not going to spend  
the time that i want  
just to heal me or mend  
feeling no scent  
it has come to an end

you are far  
my blood making a stain  
am i getting a scar?  
i am feeling the pain  
it is getting cold  
but it's always the same

you are far
