Gosh darn it
i spoiled it

These kinda things tend to happen
in the very wrong moments
in the vert worst places
i swear i wasn't what i planned
it was never ment to be
but tell me why it was for me
And well, theres nothing i can do now
damn it, it now comes undone
now's the time for being alone
If i could just go back in time
i'd froze that second
i'd change the crime

Gosh darn it
I spoiled it
Gosh darn it
I spoiled it bad

Why did it happen in that second?
Why did it happen in that place?
I swear it wasn't even planned
I'd like to change the expression of your face

Gosh darn it
I spoiled it
Gosh darn it
I spoiled it bad
Gosh darn it
I spoiled it bad
Gosh darn it
I spoiled real bad
