In how many ways  
can pain be delivered  
what makes me shiver  
what bleeds in slither  
what drowns in water  
what climbs the ladder  
of a nonsensical nature  
of an wounded suture  
of sadistic pleasure  
of a tragic failure  
of the blinded love

i ask of you  
i ask for faith  
cause when the third comes  
you leave me aside  
screaming blasphemy  
and eating faggotry  
you have no idea

In how many ways?

and how many times  
have you noticed my absence  
and how many times  
i have cried to your essence  
and how many times  
have you doubt of my sentence  
and how many times  
have i raged my dolescence

i ask of you  
i ask for faith  
cause when the third comes  
you leave me aside  
screaming blasphemy  
and eating faggotry  
you have no idea
