The stains of mud  
beyond his nails  
of the risk he never climbed  
for the roses that dried  
and the candles that melted  
her eyes could tell a thousand lies

soon the crows were talking  
the mistakes he made  
in no time the mumbling  
was what they say  
"take your time  
to enjoy your time alone"  
She held my hands  
but her eyes could tell a thousand lies

He'll scratch the floor  
for better times  
that everyone cried  
"Lithia"  
And if you can't see  
I'll give you my eyes  
For every time you look away  
I know you are not blind

They repeat those words  
from their trembling vocal chords  
"take your time  
to enjoy your time alone"  
they remember when I  
used to haunt everyone  
who were after your beliefs

and every whisper ther collect  
with every sin your light reflects  
I see you denying  
the gifts of my effect  
and if you can't see  
I'll give you my eyes  
for every time you look away  
I know you are not blind

Shook their wings  
they never thought they could be a part of this  
soon they were talking  
the mistakes he made  
More like a symptom  
More like a chapter  
More like a decadence of their rings

But they didn't know  
they'll never know  
the facts of my decay  
they do know the scent  
of the failure fo my debt

He'll scratch the floor  
for better times  
that everyone cried  
"Lithia"  
And if you can't see  
I'll give you my eyes  
For every time you look away  
I know you are not blind

The possesions are now gone  
the letters are now done  
for every shot she fired  
for every thrown black stone

Y si no puedes verlo  
ArrancarÃ© mis ojos  
y te los darÃ©  
cegando mi vida  
para alegrar la tuya  
Pro que amo tu persona  
y desprecio tu humanidad

He'll scratch the floor  
For better times  
that everyone cried  
"Lithia"

She can her this now  
She can  
She can spy us now  
She can  
She may cry for us  
She could  
But she'll never feel like Kirad did  
She never would

The stains of mud  
beyond his nails  
of the risk he never climbed  
for the roses that dried  
and the candles that melted  
her eyes could tell a thousand lies

And if you can't see  
I'll give you my eyes  
He'll hush for now  
Until better days  
It won't matter now  
Lithia

But there are sounds in her coffin now  
Made of a silk confession  
I hear them whisper  
and falter loud

She never would...
