The night before today
I was waiting for you
The night before today
I was looking for you
Now you are here
Now i can show you
Now that you're here
I'm going to protect you

Your eyesight hypnotizes me
Time stops and passes me
as soon as you turn to me
As soon as you talk to me

Neon glow eyes
Those are the best price
I can't hide the lies
With those neon glow eyes

Don't want to go away
Just wanna stay with you
Don't want to walk away
There are things i wanna tell you
Stay with me another day
Fuse your heart with mine
Stay with me another day
Turn my blood to wine

If you walk away then take me
And don't throw it all and lie me
As soon as you turn to me
As soon as you talk to me

Neon glow eyes
Those are the best price
I can't hide lies
Watching neon glow eyes

You know i'm not pure scum
I try to avoid those situations
But why don't you just cum
try to stop the hesitation

I've been waiting for so long
confusing this with levitation
think of me and come along
don't go and ruin my expectations

this train is leaving just hop on
it'll depart to another nation
and i dont want to go alone
you're the rest of my ecuation
and you can shoot me if i'm wrong
but there'll be always celebration
so complete my tearing song
and fulfill the destination

You know i'll never be gone
You know i'll never be gone
You know i won't
You know i won't

Neon glow
Neon glow
Neon
Neon glow
