Sooner or Later
you will think of me
coming always after
your thoughts of living free
locked inside your mind
i hope that you'll let go
leave me far behind
i'll never be your foe

Sooner or later
you'll have to think of me
as the one that is your helper
as the one that'll never flee
dont go and suicide
your time has not yet come
think of me, your fate, your pride
think of love, your life, your son

Sooner or later
you'll have to realize
i'm going to aid you better
stop being so traumatized
there is no one in the corner
that thinks to end your life
but i know i'll watch you shelter
i'll always be at your side

Sooner or later
you'll have to realize
this time of grief and anger
it's turning into a price
well, i have being seeing you suffer
i have being seeing you cry
but you are already getting better
i dont want to see you die
