You don't ask a lot
You don't know the plot
But it is still going on
No longer own a home
As your thoughts grow bigger
and your spirit braver
Take a look at you
You don't own the truth
You took the life of those
Who care for you the most
You took the mind of them
the ones that fell again

Yes, you took the lifes of the ones that held a flame
Yes, you took the lifes of the ones that knew your name
Yes, You took the soul of the ones that called you
friend
Yes, you are a life thief, the ruins on chaos of death

You have crossed the line
You will sure decline
But as a new soul falls
You are growing tall
As your mind grows wiser
and your soul collapses
Free yourself of questions
Of this manic situation
You took the life of those
That would never call you foe
You took the mind of us
the friends that you did chose

Yes, you took the lifes of the ones that held a flame
Yes, you took the lifes of the ones that knew your name
Yes, you took the soul of the ones that called you friend
Yes, you are a soul thief, the vestige of the silence of
death

You took my life away
Now i will fade to gray
How could you? How come?
Thought you'd come along

But as my eyesight blurs
And the light unfurls
You became a thief
of lives and beliefs
You took the life of those
That were for you so close
You took the life of mine
You really crossed the line

Yes, you took the life of the ones that held a flame
yes, you took the lives of the ones that knew your name
yes, you took the soul of the ones that called you friend
Yes, you are a life thief, the keeper of thoughts of the
dead
