She's crying for something
Something I can't provide
But her sickness on moaning
won't return her the smile
She's been lonely for hours
she's been crazy for weeks
nor the smell of black flowers
will return me my chick
And She don't wanna feel seldom
I won't let her fall apart
I will fight for her freedom
I'm not letting her down
I will shout for improvement
I will beg for her health
I'll follow your commandment
I will love her in the end

I'm not working for nothing
I'll be fighting for life
I'm not arguing to lose her
Cause I'm bringing her back
I'm not working for nothing
She'll not be dying tonight
I'm not arguing to lose her
I'm not giving up her light

She's been losing her temper
she's been missing her faith
She's been thinking not tender
She's convincing her fate
She's been trying to reach me
I've been dead for so long
She's in need of endorphine
Her interior is cold
I've been touching her soul
Crying all the time being
I've not done with my role
All I can do is sing
She's not willing to argue
What is making her sick
I hope i'm not a failure
i'm not losing my chick

I'm not working for nothing
I'll be fighting for life
I'm not arguing to lose her
Cause I'm bringing her back
I'm not working for nothing
She'll not be dying tonight
I'm not arguing to lose her
I'm not giving her light
