Sun outside

What will I do today with time?

It is the face

Which looks the way it is looked before

I can play

The game I played the other day

So I'm here

And everything seems to be clear

I don't know

Why you keep smiling

When I can't kill time

I just wanna be satisfied

With everything I do

And always be a happy child

And never be depressed

I can't help feeling I'm tired

With everything I do

I can read

The book I read the other day

Watch TV with the same guy

on the screen

Go for a walk

But I don't care much for the weather

I'm so sad

I wanna fall asleep at once
