

Mañana "Fast Days"

Visit "[Fast Days](#)" on MotoLyrics.com

My body is shivering (things can't be repaired)
My body is shivering (things can't be repaired)
I'm leaving the city (things can't be repaired)
How long before I can come down? (things can't be repaired)

Solve it with your own fantasy
Solve it With poetry you like
And scream down a wall Watch it burn
Down to the ground
And watch it burn
Burn down to the ground

My body is shivering
Is this a sign of my weakness
And I move along the mainstream
Fast Days, stories that write our lifes

Solve it with your own fantasy
Solve it With poetry you like
And scream down a wall Watch it burn
Down to the ground
And watch it burn
Down down to the ground
Watch it burn
Burn burn to the ground
You've got me on the ground
You've got me on the ground
You've got me coming down
You've got me on the ground
You've got me coming down down
To the ground

My body is shivering (things can't be repaired)
My body is shivering (things can't be repaired)
