I haven't seen you in awhile
You know I miss your sexy smile
Remember the time when we'd take our walks
I took your hand and we would just talk
Think of me darling when I'm not there
Think of the momnets we would share
Let me know everythings okay
And to do this is what I would say
CHROUS:
Write me a letter and put your picture in it to
Tell me you love me and when you miss me you know
What to do
RAP:
Write me a letter with each and every day
Put your name and picture
Send it to me so I could hang it like a poster
See it everyday there aint no way I can miss you no
way- ahh no way
CHORUS
BRIDGE:
I miss your smile
So when I see you I'll kiss you all day
When your in my arms cuddle into somethings
In that way, make love all night long
Till the morning comes
Squeez you so tight
And girl I'll rub you down to make the moon rise
CHORUS:
(Repeat pattern till fade!)
Write me a letter, tell me you love me
