Au revoir

Same old formula  
1+1 ain't 2 but 4  
Restricted way of life  
Pathetic fucking moron

Can you feel my anger  
I'm gonna hunt you down  
Tragic waste of life  
You might as well be dead

Com'n don't fight it  
What's gonna happen is gonna happen  
You know you deserve to die  
I promise I won't be gentle

I will always treasure  
The agonized look  
You had on your face  
When I let the life out of you  
You had it coming

Hey fuck tell me how do you feel now  
Hey fuck I couldn't care any less

Com'n you fucking loser  
Don't you feel any better now  
You just don't exist anymore  
Just like while you were still alive

Au revoir

The only formula  
1+1 is 2 not 4
