Let go of the fear  
Let go of the fear  
Let go of the fear

Let go of the fear  
Let go of the fear  
Let go of the fear

Your covenant to thoughts could bide you  
To an abyss that offers you truth  
Hold close the ideals that define you  
Reality exists--what is blind too  
Release is a cocaine fury  
And Mother's little helper  
Reality can fool no one  
Disguises are forms of shelter

The terror, the emptiness of silence,  
This paint, this safety used to hide us.  
Actively working on those defilements.  
As you turn to the path of the deceived.

Reality should be defiled.

Let go of the fear  
Let go of the fear  
Let go of the fear

Ahh

Let go of the fear (let go of the fear)  
Let go of the fear (let go of the fear)  
Let go of the fear (let go of the fear)

Ahh

Release is a cocaine fury  
And Mother's little helper  
Reality can fool no one.  
Disguises are forms of shelter  
The terror and emptiness of silence,  
This paint, this safety used to hide us

Actively working on those defilements.  
As you turn to the path of the deceived.

Ahh

Let go of the fear  
Let go of the fear  
Let go of the fear

Ahh

Let go of the fear (let go of the fear)  
Let go of the fear (let go of the fear)  
Let go of the fear (let go of the fear)

Ahh
