Fuck this, I'm going dancing  
Yeah I'm gonna get my fix tonight  
For just a few short hours, I'll leave my worthless  
worries behind

Until my feet are rags  
My aching ankles snap

Yeah we started dancing in the malls  
And on tables down at city hall  
We just got disapproving eyes

Everyone's a dealer selling bad shit to each other: "a  
time and place for everything"  
But I only take hits from the DJ and she's always  
spinning

When the disco ball tonight  
Spins a sea of tiny lights  
If we just wade and submerge we'll be baptized

And wash these cautions clean  
Like hand-me-down kidneys

They say starving artist  
They don't know the hungry part is  
Not the empty stomach  
But the dry and sober heart

So I'll fly fly fly with the art injections  
Fight fight fight all the interventions  
I'm not down with 12-steps unless you're showing me  
new moves

Sweating salty oceans, twitching and my pulse is  
racing  
I've barely started with this groove

Fuck this, I'm going dancing  
I've been strung out for all my life  
But I can get a fix tonight  
For a few short hours I'll feel alright
