You used to be the one
The only man who set my hear on fire
So long ago

You used to be the one
The man who filled my nights with wet desire
Baby, where did we go?

Now it's time
Time to say goodbye
But don't expect
To see me cry

I'm gonna find myself a man
Who's gonna give me everything I want
He's gonna give me everything I need

He will take me in his arms
And when he fills this empty place inside
I won't remember all that we used to be

Now listen...
Too many nights I waited
For a heart that didn't care
So many nights I wasted
Believing in a love that wasn't there

I can't bear another minute
Feels like I'm goin' to explode
There's a fever rising in me
That I just can't control

I can feel it takin' over my body
And it won't let go
Feel it way up inside me
Burning in my soul

You used to be the one
The only man who set my heart on fire
Those days are gone

I'm gonna find myself a man

Who's gonna give me everything I want
He's gonna give me everything I need

(Lonely nights are over, goodbye)
My lonely nights are over!
(Lonely nights are over, goodbye)
My lonely nights are over!
(Lonely nights are over, goodbye)
My lonely nights are over!
(Lonely nights are over, goodbye)
My lonely nights are over!
(Lonely nights are over, goodbye)
Goodbye! My lonely nights are over!
(Lonely nights are over, goodbye)
Goodbye, goodbye, goodbye!
(Lonely nights are over, goodbye)
Goodbye my lonely nights are over!
(Lonely nights are over, goodbye)
Goodbye lonely nights are over....
(Lonely nights are over, goodbye)
Goodbye
