Everyone hopes,  
everyone dreams,  
no one is ever quite as happy as they seem.  
Everyone copes  
and everyone schemes,  
so many cracks for us to fall between.  
So we fly,  
but never high enough.

Everyone hopes,  
everyone strives,  
everyone tries to keep their eyes on the prize.  
Nobody knows,  
but everyone lies,  
everyone wants their little piece of the pie.

So we climb,  
but never high enough.  
We rise,  
but never quite enough,  
never enough.

Always moving up,  
never gonna stop.  
When we reach the top,  
is it high enough?

So we climb,  
always a step up on the ladder,  
we climb.  
Always a step too low to matter,  
so many colors to the madness,  
we climb.

Only the blind to lead the blind,  
only the truth gets left behind,  
we climb.  
And when there's nowhere left to go,  
you see that you set the bar too low,  
we climb,  
never enough.

Always moving up,  
never gonna stop.  
When we reach the top,  
is it high enough?

Everyone loves,  
but nobody cries,  
everything fades to grey before too long.  
Nobody lives,  
but everyone dies  
and nobody knows how good it was 'til it's gone.

Always moving up,  
will it ever stop?  
When we reach the top,  
is it high enough?

Always moving up,  
will it ever stop?  
When you reach the top,  
is it high enough?
