How long has this been going on?
How long can you just keep me hanging on?
Don't let this love of ours go wrong.
One day you'll look for me and so long,
I'll be gone.

One love,
one in a million years.
One love,
the answer to all your fears,
the kinda love some people never find.
I'm here, but you better make up your mind,
'cause we're running outta time,
outta time,
our love is on the line,
outta time,
outta time,
why can't you see the signs?

Outta time,
outta time,
you said that you were mine.
Are you mine?
Are you mine?
Our love is on the line.

Outta time,
outta time,
you said that you were mine.
Are you mine?
Are you mine?
You better make up your mind,
you better make up your mind,
you better make up your mind.

You better make up your mind,
you better make up your mind,
you better make up your mind.
