"Time To Go"

I can see that you're looking for answers,
a time and place where the secrets are all revealed.
You won't find the solutions
tracing the footprints of the past.
Your fate is defined
by the questions you never ask.

And the door is open,
you're free to go.
You're looking for answers
you already know.
The door is open,
you're free to go.
There's no one to stop you,
it's time to go.

There's no need for an awkward discussion,
'cause words won't take you to places you've never
been.
I don't know what to tell you,
no one can teach you how to feel.
Your heart never lies,
let it guide you toward the light.

And the door is open,
you're free to go.
Stop looking for answers
you already know.
Your mouth is open,
but your mind is closed.
It's time to stop talking,
it's time to go.

And the door is open,
you're free to go.
You're looking for answers
you already know.
The door is open,
you're free to go.
There's no one to stop you,
it's time to go.

The door is open,
you're free to go.
You're looking for answers
you already know.
The door is open,
but your eyes are closed.
Stop looking for answers,
it's time to go.
