On heavenly rain  
You fell into my life  
Unforgettable smile  
Unforgettable lies  
In the name of the cross  
Or a banner of love  
With the hand of a friend  
Or under a blanket of trust

The angels sighed  
A little girl cried  
The tears run rings around my eyes

Were going to set fire  
To the house in my heart  
Were going to set fire  
To the whole damn world  
I dont understand  
The wicked things we do  
In the name of the good  
In the name of the few

The angels sighed  
The little girl cried  
The tears run rings around my eyes

Dont look at me  
With your innocent smile  
When the bed is burning  
Around my head  
When a war breaks out  
Itll be no surprise  
Your unforgettable smile  
Your unforgettable lies

And Ive got to stop running  
To make my start  
Weve got to get together  
Before we fall apart

Theyre pulling down the old slums

To build the new  
They're bringing back the old rules  
To please the few  
In the name of the cross  
Or a banner of love  
With the hand of a friend  
Or under a blanket of trust

The angels sighed  
A little girl cried  
The tears run rings around my eyes

Pull down the old slums  
To build the new  
Pull down the love  
I built with you  
Promise of tomorrow  
You never kept  
And you try to burn the house down  
When I slept  
The nations in disorder  
There's chaos in my heart  
We've got to get together  
Before we fall apart
