Playing

With little pictures that my mind sends  
Counting the moments Â'til my world ends  
All I remembered are the bad times  
And its chewing away at my insides

Chorus

When you looked that way  
Oh I knew you wanted to hurt  
You killed all of my dreams  
With your black, black heart

Night creeps  
Its wicked way just like a spider  
Stealing, the feelings that hide  
Black heart and wild  
You were so like an angry child

Repeat chorus

Pushing  
Your icy fingers always crushing  
Your jealous mind so disapproving  
You laughed at all my ideas  
And then purged my fears

Repeat chorus

Leave me alone  
Stop pushing at me  
You got your revenge  
For the love that I lent  
YouÂ're destroying my mind  
YouÂ're destroying my soul  
Black heart
