Black kiss
Kiss deep
Inside
Your sleep
Dark love
You crave
Black kiss
I gave

Black kiss
Inspire
Cold heart
On fire
Black kiss
Red rose
Where no
One goes

Beautiful evil
Beautiful evil
Why do you hurt me?
Why do I let you?
I need your blood now
But you're not giving
Without your blood how
Can I keep living?

Black kiss
From above
Soft mouth
Hard love
Sweet kiss
So true
Black kiss
That I gave you

Beautiful evil
Beautiful evil
Why do you hurt me?
Why do I let you?
I need your blood now
But you're not giving

Without your blood how

Can I keep living?

Black kiss
Kiss deep
Inside
Your sleep
Black kiss
Barb wire
Cold heart
On fire

Beautiful evil
Beautiful evil
Why do you hurt me?
Why do I let you?
I need your blood now
But you're not giving
Without your blood how
Can I keep living?

There in my mind
Clear and defined
Deep in my heart
Where do I start
Blood on your lips
Passionate bliss
Don't want to miss
Your black kiss

Beautiful evil
Beautiful evil
Why do you hurt me?
Why do I let you?
I need your blood now
But you're not giving
Without your blood how
Can I keep living?
Can I keep living?
Can I keep living?
Can I keep living?
