Strangers in the night
Exchanging glances, wondering in the night
What were the chances we'd be sharing love
Before the night was through

Something in your eyes was so inviting
Something in your smile was so exciting
Something in my heart
Told me I must have you

Strangers in the night
Two lonely people, we were strangers in the night
Up to the moment when we said our first hello
Little did we know, love was just a glance away

A warm embracing dance away
And ever since that night we've been together
Lovers at first sight, in love forever
It turned out so right for strangers in the night

Strangers in the night
Two lonely people, we were strangers in the night
Up to the moment when we said our first hello
Little did we know, love was just a glance away

A warm embracing dance away
And ever since that night we've been together
Lovers at first sight, in love forever
It turned out alright for strangers in the night
For strangers in the night, for strangers in the night
