Ecstasy is all you need  
Living in the big machine now  
Oh, you're so vain  
Now your world is way too fast  
Nothin's real and nothing lasts  
And I'm aware

I'm in love but you don't care  
Turn your anger into lust  
I'm still here, but you don't trust at all  
And I'll be waiting

Love and sex and loneliness  
Take what's yours and leave the rest  
So I'll survive  
God, it's good to be alive

[Chorus]  
And I'm torn in pieces  
I'm lyin there waiting for  
My heart is reeling  
I'm blind and waiting for you

Silly love with all your sins  
Wait and stop and I begin  
And I'll - I'll be waitin'  
Livin' like a house on fire  
What you fear is your desire  
It's hard to deal  
I still love the way you feel

Now this angry little girl  
Drownin in this petty world  
And I'm who you run to  
Swallow all your bitter pills  
That's what makes you beautiful  
You're all a lie  
I won't leave what you ain't got

[Chorus]

I'm blind and waiting for you  
I'm blind and waiting for you

And I can't believe it's coming true  
God, it's good to be alive  
I'm still here and waitin' for you  
And I can't believe it's coming true  
I'm blind and waiting for you
