I, I
Ohh, I

I can be with another girl and I can take a trip all around
the world
But why would I go anywhere when I've got you
I can spend my money on fancy clothes
Meet a thousand women doing videos and shows
But, baby, I'm so glad that I've got you

Baby, when I think about you
I don't need to think 'cause I just know
That baby, it's the way you love me
That's make me so damn sure that you're the one
Don't you know that I've waited for you
You're everything I've wanted all my life
Never thought I would find what I need
Till you came along my dream seemed far away, ahea,
hey

I can be with another girl and I can take a trip all around
the world
(Another girl)
But why would I go anywhere when I've got you
(Ohh)
I can spend my money on fancy clothes
(My, my)
Meet a thousand women doing videos and shows
But, baby, I'm so glad that I've got you
(Ohh)

Maybe I just got lucky
'Cause a chance like this don't come along everyday
(Everyday)
Can we, hold on to what we've got?
If I ever lost you girl my whole life would change
(Life would change)
You should know that your love gives me strength
And without you I don't know where I would be
It's because of your soul I'm at ease
No matter where I am, I'm not alone, yea

I can be with another girl and I can take a trip all around
the world
(Ohh, yea)
But why would I go anywhere when I've got you
(Ohh)
(I got you)
I spend the money on fancy clothes
(My, my money)
Meet a thousand women doing videos and shows
(Ohh, yea)
But, baby, I'm so glad that I've got you

All that I have is nothing when it compares to you
And I can't believe how your love makes me feel
I'm glad that I've got you and girl you've got me too

Ohh, I can be with another girl and I can take a trip all
around the world
(With another girl, ohh)
But why would I go anywhere when I've got you
(ahh, haa, haa)
I can spend the money on fancy clothes
(With my money)
Meet a thousand women doing videos and shows
But, baby, I'm so glad that I've got you
(ahh, haa, haa)

I can be with another girl and I can take a trip all around
the world
(Ohh, ohh)
But why would I go anywhere when I've got you
(I've got you)
I can spend the money on fancy clothes
(Spend my money)
Meet a thousand women doing videos and shows
But, baby, I'm so glad that I've got you
