I remember how it used to be  
When you said you were in love with me  
Now I'm all alone  
Sitting by the phone  
There's that memory  
Hangin' over me  
Oh, you were something  
And now we're nothing

### CHORUS:

I still can't believe  
You're leaving me  
In the middle of what used to be  
OUR thing  
That's okay  
And I still don't see  
A reason for you killing me  
The way you did  
That day  
That's okay  
I can't shake all that you promised me  
Can't believe I let it conquer me  
Now you're on your way  
To that better day  
And I'm here at home  
Sitting all alone  
Oh, you were something  
And, that's why we're nothing

I still can't believe  
You're leaving me  
In the middle of what used to be  
OUR thing  
That's okay  
And I still don't see  
A reason for you killing me  
The way you did  
That day  
That's okay  
I can't shake all that you promised me  
Can't believe I let it conquer me  
Now you're on your way

To that better day  
And I'm here at home  
Sitting all alone  
Oh, you were something  
And, that's why we're nothing
