C6(am).....d.....

A root of star I gave to thee

G.....c6(am).

From the canyons of the sea

C6(am).....d.....

A jewel of frost that was lost

G.....c6(am)...

In days of dreams when we were free

C...d...g.....

C6(am).....d.....

A shield of bronze a thousand gongs

G.....c6(am).....

That calls the queen of dreams to me

C6(am).....d.....

A mask of jade I shyly laid

G.....c6(am)

To thy form of finery

C...d...g.....

C6(am).....

A root of star, baby

(repeat)
