Tiger tim, the tightrope walker,
Tried to steal, the drag queen's daughter,
Babe, I do mean, babe.

Menace lurks in houses only,
Where the hearts are fat and bony,
Babe, I do mean babe.

Golden risks and follies rainbow,
Down the drain where all the time goes,
Babe, I do mean babe.

Frozen joe the ballet boxer,
Chromed his toes to get his rocks off
Babe, I do mean babe.

All the rats and all the peacocks,
Built a ship and flew to Venus,
Babe, I do mean babe.
Pain is meat and meat is people,
Your head's a house, your soul a steeple,
Babe, I do mean babe.

Painted toes and purple earlobes,
Life's a gas but it's such a scene though,
Babe, I do mean babe.

Shake

Babe, I do mean babe,
I could tell you something,
I could tell you something,
Babe, I do mean babe.
