PLATEAU SKULL

Whilst flying over the midnight sky
I saw my girl with another man
A wild anger I'd never shown
bite, when I saw him hold her hand

The penninsular of night explodes
as I loaded my head and barked she'd been untrue
And I slowly unzipped the heavens
and asked my main man what to do

He said breeze and dip like lightening
across the meadows of the sea
And know that I've know your existence
and tell all your dudes astutely that you've hung out
with me
