Teen riot structure, ankle deep in fear
Babies lost in bellies and the oracle can't hear
A demon angel demi-god blasted through the night
Me and Lucy Lightning holding on real tight
An ancient Lord in wonder rung upon my bell
I fed him with my nightmares And he ate my dreams as
well
All London was in blazes burning to the sound
Of deep galactic tragedies in stereophonic sound
A tempest teen of stature in Gatsby hat and cloak
Licked upon my lollipop, but I didn't get the joke
As devastation mounted my wardrobes almost burned
The teens held hands on shifting sands and wonder
what they learnt
Repeat in toto
Structure
Teen riot structure
