Since we last loved Gloria
The suns been up and down that many times
Since we last loved Gloria
I've been sharing loved with a woman of all kinds

Summer ends and the leaves start dying
You won't see robin crying
He knows where the sun is hiding
To another nest he's flying

You gave me a reason now I've gotta roam
'Cos the road i'm on gal won't run me home

Hear my words gloria
Echoing from a mountain with a cry
Hear my words gloria
You'll see them gal reflecting of the sky

Hear it in the cold winds blowing
Hear it in the river's flowing
No one in the mind that's showing
See 'cos the cards that's showing

You gave me a reason now I've gotta roam
'Cos the road i'm on gal won't run me home

Summer ends and the leaves start dying
You won't see robin crying
He knows where the sun is hiding
To another nest he's flying

You gave me a reason now I've gotta roam
'Cos the road i'm on gal won't run me home
'Cos the road i'm on gal won't run me home
