I was walking down the skyway my way  
When I saw the legs that I love  
I was thinking about drinking something  
When I saw the legs that I love  
I bought a car 'twas a low slung thunderwing  
It moved like the sun at the dawn  
My little baby she's a tip-a-toed vamporater  
She moves like the sun of the dawn  
Ooh  
Yeah, get it on  
Do your thing, oh oh thunderwing  
Do your thing, oh oh Thunderwing  
Yeah  
Get it on, right on yeah o  
Well my wig-hat moves  
And my spaceball boots bounce  
When I hear the music I love  
A soapbox cart was the start of my wandering  
when I hear the music I love
