This living's killing me  
Scaring me to death  
Somehow the stage has become  
The source of our distress

Right now it's where I belong  
And right now I'm gone to stay  
there's too much sunshine when I'm away  
I don't want to go home  
it's gettin' harder every day

'Cause baby it's over now  
Baby it's over now  
All the lonely times  
All the tears you've cried  
Those Louisiana nights  
Baby it's over now

This screaming is killing me  
We both are out of breath  
It was hard waving goodbye  
With the strength that I had left

Out there is where I belong  
On the road so far from home  
There ain't no sunshine since you've been gone

I want to feel you in my arms tonight  
But all I feel tonight is alone

'Cause baby it's over now  
Baby it's over now  
All the lonely times  
All the tears you've cried  
Those Louisiana nights  
Baby it's over now

Oooohhhh

Some folks say I'm wrong  
Maybe I am

So what if I am

Doesn't change a thing  
The fight in us would stay the same  
And I'd still want to run away

'Cause baby it's over now  
Baby it's over now  
All the lonely times  
All the tears you've cried  
Those Louisiana nights  
Baby it's over now

Baby it's over now  
All the lonely times  
All the tears you've cried  
Those Louisiana nights  
Baby it's over now
