I think I feel like sleeping in
I wont wake up till Friday night
yeah yeah yeah
the moment the weekend begins
I'm packing up my ride and I'm leaving heading
straight towards your door
when I get there you better be ready to rock steady
when I get there you better be ready to rock steady

I think I feel like sleeping in
last night was crazy outta sight
hey yeah
I've got my rest the fun begins
I'm packing up my ride and I'm leaving heading
straight towards your door
when I get there you better be ready to rock steady
when I get there you better be ready to rock steady
when I get there you better be ready to rock steady

first the song begins
(first the song begins)
you start moving in
(you start moving in)
I get caught up in the rhythm of your hips
and I just cant wait to take this party home

when we get there you better be ready to rock steady
when we get there you better be ready to rock steady
when we get there you better be ready to rock steady
when we get there you better be ready to rock steady
(when we get when we get) rock steady
(when we get when we get) rock steady
(When we get when we get) rock steady
(rock steady) rock steady
(when we get when we get) rock steady
(when we get when we get) rock steady
(when we get when we get) rock steady
(rock steady) rock steady
