Let's go down to Hamburg
Let's go down right now
Let's go down to Hamburg
Let's go down right now

I don't wanna go to Berlin
Would be such a sin
Let's go down to Hamburg
Right now

Don't gimme no Paris
Don't gimme no France
Take me to Hamburg, baby
Where they know how to dance

I don't need Munich
And I don't want Rome
Just take me to Hamburg
'Cause I can't find Cologne

Just take me to Hamburg
In the Music Hall
Take me to Hamburg
I'm sure we're gonna have a ball

Take me to Hamburg....

I really don't miss the USA
I'll stay in Europe any old day
I wanna be where I get relief
Give me the place where they invented beef

Take me to Hamburg....
