Dance for me, sweetheart while I strum my guitar
You sure look pretty tonight
I've just come off the road and I could use the company
Now that would suit me just fine

Now I've seen a lot of special things around this world
You can see them too, you can
What's that you ask? I have no name, I have no name
For I am known only as a man, for I am known only as a
man

I'm a wanderer, I have no place or time
I'm just drifting on this lonely road of mine
And if you like, you can come along with me
But I promise you that I am not the man I used to be
But I promise you that I am not the man I used to be

Now you and I, we've seen our share of ups and downs
Somehow where we just lost hope
I can't change the past but who cares?
Your love is all I've ever known, your love is all I've ever
known

I'm a wanderer, I have no place or time
I'm just drifting on this lonely road of mine
And if you like, you can come along with me
But I promise you that I am not the man, I used to be
But I promise you that I am not the man, I used to be,
no

No, no, no, no, no, no

I'm a wanderer, I have no place or time
I'm just drifting on this lonely road of mine
And if you would accept me for me
Then I promise you that there's a better man inside of
me
'Cause I promise you that there's a better man inside of
me
Look I promise you that there's a better man inside of
me

I'm a wanderer, I have no place or time
I'm just drifting on this lonely road of mine
If you would, if you would, if you would

I'm a wanderer, I have no place or time
I'm just drifting on this lonely road of mine
I'm a wanderer, I have no place or time
I'm just drifting on this lonely road of mine

I'm a wanderer, I have no place or time
I'm just drifting on this lonely road of mine
If you would, if you would, if you would
