A man went past, just tried to stand me down  
When I looked at you you turned your eyes to the  
ground  
Said now I don't know who he is, I think that you do  
Daggone it, who is he and what is he to you?

Something in my heart is in your eye  
Tell me he's not someone just passing by  
Tell me girl, when you cleared your throat, was that  
your cue?  
Daggone it, who is he and what is he to you?

When I add the song of you and me  
I get confused 'cause I keep coming up with the real  
Said you're too much for one man but not enough for  
two  
Daggone it, who is he and what is he to you?
