Dogs are barkin' and she's so high
She's never comin' down
Don't wanna pull the shade tonight
I think I wanna drown

I'm sendin' out a message
Or could I die too soon?
'Cause I don't know where I'm goin'
Since Mama's in the moon

An', I can hear her laughing
And I can hear her cry
An' I can see her dancin'
Somewhere in the sky

I'm rising like the ocean
An' I'm crazy as a loon
And I don't know what I'm doin'
Since Mama's in the moon
Yea, ohh
Yea, ohh

The dogs are barkin' and she's so high
And she's never coming down
