Her shining hour is long since passed  
Her future it is fading fast  
While all around the bugle plays  
Shes made of yesterdays

Her mother says she did her best  
Her father says he might have guessed  
Her friends all say it's just a phase  
She's made of yesterdays

Shes made of used-to-bes  
The should-have-beens are all she sees  
She might beg and she might borrow  
But there's no today  
And no tomorrow

She'll tell you who she could have been  
And everyone who did her in  
How she almost set the sky ablaze  
Shes made of yesterdays

She still gets high to "Purple Haze"  
Shes made of yesterdays  
Shes made of yesterdays
