I know you're wondering
What this is all about
Candles and champagne
dinner is all made out

I wanted this night
to be perfect for you
It's gotta be right
for what i'm gonna do
So baby sit down
and open youre heart to me

CHORUS:

Girl, it's time you know
What everybody knows
To say the words I feel
To tell you what is real
and let my feeling shows
The whole world knows it's true
I'm so in love with you...
Baby look at me
and in my eyes you'll see

What everybody knows

It seems like a lifetime
Girl since i met you (oh baby..)
And from that first moment
Deep in my heart I knew
That someday I'll be
where I'm standing today
Touching your body
kissing your face
Holding the dreams
that's finally coming true

(Repeat Chorus 2x)

Baby look at me
And in my eyes you'll see
What everybody knows...
