Almost in your hand, I take my chances  
Far greater than a mountain, my love  
Can make it's stand.  
Wider then the harbor, which binds us  
Together,  
No desert in the world, can keep me  
From you.

(Chorus)

No other love can say what I wanted.  
No other love can do me as you do.  
No other love has ever filled me like an  
Ocean.  
No other love can warm me as you do.

No women of the night, hair long  
And golden,  
No money in the hand, could ever change  
My love for you.  
Woman you are right, a thousand ways  
We are different.  
Come stand by me close, hold this flower  
In our hands.

(Chorus)

No other love can say what I wanted.  
No other love can do me as you do.  
No other love has ever filled me like an  
Ocean.  
No other love can warm me as you do.

No Venus in the sun, her hollow lips  
Undercover,  
Could bring the thunder down, upon the eyes  
I have for you.  
Voices in our hearts, sound echoes like  
Forever.  
With you safely in my arms, we're gonna  
Sail away today.

(Chorus twice)

No other love can say what I wanted.

No other love can do me as you do.  
No other love has ever filled me like an  
Ocean.  
No other love can warm me as you do.
