With all that's happenin' here, it's as  
If it had all been planned-ah.  
We can't let it stop at this, there's  
Too much cost to a nuclear ban-ah.  
La La LaJLa, La, La through starlit Arizona nights,  
What's that shadow bendin' the sky?  
It's only a real live nuke, givin' us back  
What our money buy.  
Oh-ah

(Chorus):

It's what we're livin' for, it's It's what they're livin' for.  
Who will pronounce us dead? Can we even the score?

It's all comin' too true you know, the ranks  
Of terror stop us. The world can't be  
Sold till it's owned, so let us build a stronger nuclear  
Home. We gotta build a stronger home.

(Chorus):

It's what we're livin' for, it's It's what they're livin' for.  
Who will pronounce us dead? Can we even the score?

(Repeat 2x)
