Damn  
What time is it?  
Aw, snap, I gotta go to work  
Hold up a minute

All I got is 15 minutes and I wanna get up in it  
Ain't got no time to talk, just come and break me off  
Ain't got no time for love, just come and give me some  
Ain't got no time to talk, just come and break me off

7:45 on the dot  
Guess, I'm late for work but I'm feeling kinda hot  
I see you downstairs pouring juice  
Flippin' my eggs, but I wanna flip you because you're

Standing right there in your negligee  
Thinking should I hit it but damn, I'm late  
Maybe a quickie would make my day  
It'll make my day, it'll make my day, oh oh

All I got is 15 minutes and I wanna get up in it  
Ain't got no time to talk, just come and break me off  
Ain't got no time for love, just come and give me some  
Ain't got no time to talk, just come and break me off

All I got is 15 minutes and I wanna get up in it  
Ain't got no time to talk, just come and break me off  
Ain't got no time for love, just come and give me some  
Ain't got no time to talk, just come and break me off

I think I wanna hit it again  
Call my boss and tell him, I won't be in  
I bet he's gonna wanna know why  
And I just can't tell him no lies, now

She's laying right here in her negligee  
Right now, I don't care, just cut my pay  
You'd do the same if you were in my place  
If you were in my place with that booty up in ya face

All I got is 15 minutes and I wanna get up in it  
Ain't got no time to talk, just come and break me off

Ain't got no time for love, just come and give me some  
Ain't got no time to talk, just come and break me off

All I got is 15 minutes and I wanna get up in it  
Ain't got no time to talk, just come and break me off  
Ain't got no time for love, just come and give me some  
Ain't got no time to talk, just come and break me off

First two minutes, girl, we're gonna take our time  
Break it down, hit ya from behind  
Next three minutes, oh, we're gonna get on the floor  
Say my name and make me want some more

5, 4, 3, 2, 1, turning on the side  
Hurry up, scream it out, let it go, girl  
And when you arrive, our time is up  
So scream much louder, ohh

All I got is 15 minutes and I wanna get up in it  
Ain't got no time to talk, just come and break me off  
Ain't got no time for love, just come and give me some  
Ain't got no time to talk, just come and break me off

All I got is 15 minutes and I wanna get up in it  
Ain't got no time to talk, just come and break me off  
Ain't got no time for love, just come and give me some  
Ain't got no time to talk, just come and break me off

All I got is 15 minutes and I wanna get up in it  
Ain't got no time to talk, just come and break me off  
Ain't got no time for love, just come and give me some  
Ain't got no time to talk, just come and break me off
