Chorus

Enemies in love
Being used
Just can't take the
Pressure of this lovers feud

V - one

Should of stayed
Should of walked away
That's the choice I can make today
I won't lie no
Though it seems that i'm
Your enemy
Just know I'm with you
Hoping we make it through
Ohh yeah,

Chorus

V - two

Our love seems
Empty without you baby
No more fighting
Or doing things that I want do all this pain ends today
No it's not what I want to do
Cause I know I'd be lost without you

Chorus 2x

Bridge

It's all these evil ways
That turns my blue skies into gray
It seems this hate goes on and on and on (oh baby)
Why must this lovers' feud go on
Sometime the world seems like it's on my shoulders
Can't stop this love hate from rising up in the midst

Chorus

Vamp

Why are these things happening
Why are they dogging me
Feel the way I feel inside
It's true you can't deny
Can't believe the things you say
Should I be on my way
To find
Another love
To find

Tell me this isn't real
How the way I feel
Try not to shed a tear
Oh baby please come here
Hold me let's have a some fun
Let's make up to be one
Again
Again
In the midst

Vamp 4x

Chorus 4x
