Don't know why we had an argument  
All I know is that my baby left  
Now I'm looking at a photograph  
Thinking all about the time we spent  
And I can't even begin to start  
You're not here, it tears me apart  
But you gotta know that I need you  
Girl I'm lost and I don't know where to go to  
I need you

Girl I'm missing you  
Need you in my life  
Cause I thought we'd be in love  
For a long time  
Even if you're gone  
You'll be on my mind  
Forever and ever and ever and ever and ever and ever  
and ever and ever and ever  
Forever girl

I don't wanna hang up no more  
Tell me what am I going for  
If you ain't been in love (you don't understand)  
And I don't wanna see you with another man (another  
man)  
This is crazy  
All you gotta do is come back  
Baby if you want the world, then I'll get that  
Girl you know that I need you (need you)  
Please tell me what I need to do (tell me what I need to  
do x4)

Baby cause I miss you  
Girl I'm missing you  
Need you in my life  
Cause I thought we'd be in love  
For a long time

Even if you're gone  
You'll be on my mind  
Forever and ever and ever and ever and ever and ever  
and ever and ever and ever

Forever girl

I gotta keep going through changes  
You're the reason that I breathe  
Every girl to me is nothing but a stranger  
All I know is that you're the one for me  
Tell me what would I be without your love  
To be your friend is not enough  
Come on back to me (girl)

I'm missing you  
Need you in my life  
Cause I thought we'd be in love  
For a long time  
Even if you're gone  
You'll be on my mind  
Forever and ever and ever and ever and ever and ever  
and ever and ever and ever

Girl I'm missing you  
Need you in my life  
Cause I thought we'd be in love  
For a long time  
Even if you're gone  
You'll be on my mind  
Forever and ever and ever and ever and ever and ever  
and ever and ever and ever
