Every morning when the sun comes up on the east  
side,

I catch a buzz.

Lying next to you, roll over, and kiss your cheek,

Just because.

And the paper comes, we pour a cup of joe,

Hey baby, there's something I want you to know

If you need a hand, hold on,

I'll be there beside you.

If you stumble, I won't let you fall,

I'll be right behind you.

If you find you're losing your way,

I'll be the one to guide you home.

You're not alone.

I'm behind the sunshine,

And in the wind that blows

I'm your shadow.

Na na na na, na na na na na na.

When the sun goes down, what a sight.

I thank you, girl, for being part of my life.

And we order take-out, turn on the tube,

I rub your back because I want to.

Then we wash our faces and brush our teeth,

Time to go to bed, but even in your dreams

If you need a hand, hold on,

I'll be there beside you.

If you stumble, I won't let you fall,

I'll be right behind you.

If you find you're losing your way,

I'll be the one to guide you home.

You're not alone.

I'm behind the sunshine,

And in the wind that blows

I'm your shadow

Your shadow

If you need a hand, hold on.

I'll be there beside you.

If you stumble, I won't let you fall,

I'll be right behind you.

If you find you're losing your way,

I'll be the one to guide you home.

You're not alone.

Im behind the sunshine,  
And in the wind that blows  
Im your shadow.  
Na na na na, na na na na na na.  
Your shadow  
Your shadow  
Na na na na, na na na na na na.  
Every morning when the sun comes up on the east  
side,  
I catch a buzz.
